## COAL, LUMBER AND BUILDING MATERIALS

### EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

## Rheumatism Back on the Job With Its Old-time Fury

### No Let-Up In Its Torture.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your

blood of the germs that cause the disease. S. S. S. has no equal as a blood purifier, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 103 Swift Laboratory, Atlanta, Ga.
